Summary

I was born in Ioannina, Greece. Currently, i'm an undergraduate student in the department of Informatics and Electronic Engineering (IEE), at International Hellenic University (IHU) in Thessaloniki. I'm passionate about programming and software engineering while i contain a sufficient and decent knowledge base in both back-end & front-end development due to my 4 year studies at the university. My goal is to improve my skills and knowledge about technology while keeping up-to-date with the latest information and upgrades regarding my scope of work.
